To Whom it may concern

Vicki Hetherington at Corporate Property Rentals Ltd manages our property at Orewa.

She has consistently got rental terms that have enabled us to use our property over the Christmas period, and has been quick in finding new tenants.

She inherited some tenants that prior to Vicki were pretty much left to there own devices, a scheduled call to fix a shower hose, found our property in dirty mess.

When we changed over to Vicki to look after our property. the property was regularly monitored and she was proactive in getting the tenants to employ the services of a cleaner.

The above tenants after a couple of months missed a few rent payments, and it looked like no more rent would be forth coming. Vicki was able to get the tenants out in a very timely manner, and had a professional couple signed up within a couple of days.

We have no hesitation in recommending Vicki to look after your property.

Yours sincerely

Guy Lee & Karen lee
